

HOMework ADMINISTRATIVE REGULATIONS

Teachers shall adhere to the purpose and philosophy of the Grant County Schools Policy 2170: Homework. In keeping with and in support of the Homework policy, the following guidelines should be followed:

- The amount, frequency, and type of homework assigned to students shall be based on the individual student's strengths or needs, learning style, and grade level, including those determined by an IEP, 504, or SAT plan;
- Teachers shall consider the overall/potential academic responsibilities of a student when assigning homework (i.e. consider the total amount of homework and time commitment to complete it);
- Homework shall be monitored and feedback provided within a reasonable timeframe;
- If the Homework assignment is to be graded, said grade will only impact the student's overall grade if the student has been provided notice (verbal or in writing) by the teacher that the homework grade will impact the student's overall grade;
- Homework shall not be assigned for completion as a form of discipline;
- The completion of homework or lack thereof should not be the sole or predominant determiner of whether a student masters a/the CSO(s).
